## Back in Town

**John Sery** writes that his son **Stephen** took this picture “of one of the first 611 trips out of Manassas VA last weekend [first weekend of June]. It was always one of his favorite engines as a kid and he really enjoyed being able to actually see it in person and restored! He took this picture after the last Sunday run as the train set was going back to the yard to layover for the move to Lynchburg the next morning. It actually makes a pretty good desktop picture!”

This Month’s Meeting: **Wednesday, July 1** at 8 p.m. at the former B&O station in Silver Spring, MD, featuring *Transcontinental*, a DVD-based presentation on the Union Pacific’s line between Omaha and Sacramento.

Following Meeting: **Wednesday, August 5** at 8 p.m. at the former B&O station in Silver Spring, MD, presentation TBA.
